14.7 EVALUATION PROCESS

14.7.1 COMPLIANCE, FUNCTIONALITY, PRICE AND BBBEE EVALUATION

- a) The 80/20 preferential points system shall be applicable.
- b) All bids received will be evaluated as follows:
 - i. **Phase 1 – Compliance requirements**
 - All bids will be examined to determine compliance with bidding requirements and conditions. Bidders who do not fulfil all the requirements or do not submit the required documents will be disqualified.
 - ii. **Phase 2 (a) – Functionality based on paper based evaluations**
 - Functionality on paper based evaluations is worth 70 points. The minimum threshold that bidders must achieve is at least 55 out of 70 points in order to be evaluated on Presentations. Bidders who score less than 55 points will be disqualified; those who score 55 points or more will be further evaluated on Presentations.
 - iii. **Phase 2 (b) – Functionality based on presentations evaluation**
 - Functionality on presentations is worth 30 points. Presentations will be done by bidders who scored 55 points or more **on Phase 2 (a)**. Presentations will be done at INSETA's offices and requests for presentations will be sent to the relevant bidders via e-mail at least 3 working days prior to the date of presentations.
 - iv. **Phase 3 – Price and BBBEE evaluation**
 - Bidders must achieve at least 80 out of 100 points on Functionality (**that is, Phase 2 (a) + Phase 2 (b)**) in order to qualify for **Price and**

Preference Points Evaluation. Evaluation will be conducted on an 80/20 preferential procurement principle.

14.7.2 PRESENTATIONS - PROOF OF CONCEPT (POC)

- a) Bidders qualifying in phase 2 (a) part (Functionality based on paper based evaluations) will be requested to conduct a POC Presentation.
- b) The POC Presentation will be used to determine how the solution complies with the system requirements.
- c) The total weight/points allocated for presentation is 30 wherein only those bidders who have scored 55 points and above in phase 2 (a) will be notified at least 3 days before the date of the presentation.
- d) Presentations will be made to the full Evaluation Committee and will be evaluated based on the criteria as specified in **14.7.8** below
- e) Bidders will be expected to select and prepare a POC presentation for ONE (1) functionally for EACH of the Financial Management, Human Resource and Procurement modules.

14.7.3 ELIMINATION OF PROPOSALS ON GROUNDS OF FUNCTIONALITY

- a) Bids that score less than 80% of the 100% available for functionality (paper based evaluation + presentations) will be eliminated from further consideration.
- b) The percentage scored for functionality should be calculated as follows:
 - i. Each panel member shall award values for each individual criterion on a score sheet. The value scored for each criterion shall be multiplied with the specified weighting for the relevant criterion to obtain the marks scored for the various criteria. These marks should be added to obtain the total score. The following formula should then be used to convert the total score to a percentage for functionality:

$$Ps = \frac{So}{Ms} \times Ap$$

Where

Ps = percentage scored for functionality by bid/proposal under consideration

So = total score of bid/proposal under consideration

Ms = maximum possible score

Ap = percentage allocated for functionality

- ii. The percentages of each panel member shall be added together and

divided by the number of panel members to establish the average percentage obtained by each individual bidder for functionality.

- iii. After calculation of the percentage for functionality, the prices of all bids that obtained the minimum score for functionality should be taken into consideration.

14.7.4 AWARDING OF POINTS FOR PREFERENCES/GOALS

Points for B-BBEE Status Level of Contribution will be awarded according to the table indicated in the preference points claim form (SBD 6.1).

14.7.5 COMBINING PRICE AND PREFERENCE MARKS

- a) The B-BBEE Status Level of Contribution points for each bid will now be added to the price points for that bid
- b) The Evaluation Committee may recommend that the contract be awarded to the bidder obtaining the highest aggregate mark or to a lower scoring bid based on firm, verifiable and justifiable grounds.

14.7.6 ADJUDICATION OF BID

The Adjudication Committee will consider the recommendations and make the final award. The successful bidder will usually be the service provider scoring the highest number of points or it may be a lower scoring bid based on firm, verifiable and justifiable grounds or no award at all.

14.7.7 EVALUATION CRITERIA

Bidders must achieve at least 80 out of 100 points on the Functionality (Paper based evaluation + presentations) in order to qualify for the **next Phase (3) of Price and BBEE Evaluation** and those bids which fail to meet the minimum qualifying score will not be considered further in the process.

Evaluation on the paper based will be evaluated for each criterion using the point score from 1 (poor) to 3 (Excellent) in increments of 0.5. The following criteria and weights will be used to evaluate the bid for functionality:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
