1. Preamble

The Insurance Sector Education Training Authority (INSETA's) purpose is to grow the pool and quality of scarce and critical skills in the insurance and related services sector, enhancing the sector and supporting the country's transformation.

The Skills Development Act and the Skills Development Levies Act provide for the collection of levies from employers in the insurance and related services sector and provides directives and/or guidelines on how the funds allocated to each SETA should be disbursed.

The INSETA Learning Division has therefore drafted a formal Internship Guideline for Unemployed Youth between the ages of 18 and 35 years to outline the process and requirements for applying for internships.

This guideline document should be used for reference, understanding and preparation by all applicants for internship funding.

2. Grant Regulations

On 3 December 2012, revised Grant Regulations were gazetted, which impacted on the allocation of SETA funding. The intent of the new regulation is to, amongst others: (adapted from Government Gazette no. 34932):

- ❖ Regulate the proportion of funds available for skills development that is spent on administration costs
- ❖ Regulate the proportion of discretionary funds available for skills development
- ❖ Improve the quantity and quality of labour market information received by SETAs through Workplace Skills Plans (WSP), Annual Training Reports (ATR) and PIVOTAL Training Reports, which provide a reflection of skills needs and inform planning.
- ❖ Promote PIVOTAL ¹programs, which are NQF-registered and quality assured, towards addressing priority scarce and critical skills needs in the sector, as identified through Sector Skills Plans (SSP's) and research.

¹ According to regulations, "PIVOTAL" is an acronym which means professional, vocational, technical and academic learning programmes that result in qualifications or part qualifications on the NQF as contemplated in regulation 3(6) and (7) as read with regulation 6(11) to (15) (taken from Government Gazette No. 35940).

In response, the INSETA drafted a reviewed Discretionary Grant Funding Policy that was approved by the INSETA Board on 12 March 2014 and the following revisions are effective from 01 April 2013:

- ❖ The discretionary project expenditure increases from 20% to 49.5%
- ❖ 80% of Discretionary funding has to be allocated to PIVOTAL programmes.

3. Discretionary Funds
