

Working together for a skilled tomorrow

Date: 18 November 2020

BID NUMBER - PROJ/2020/21/02.

DISCRIPTION OF BID: PROVISION OF AN OFF-SHELF ENTERPRISE RESOURCE PLANNING (ERP) SYSTEM, SUPPORTED & MAINTAINED FOR (5) YRS.

CONSOLIDATED QUESTION AND ANSWER DOCUMENT

QUESTION AND ANSWERS:

1. Does the scope of the work include the management and maintenance of the existing MIS system?

No.

2. Does the service provider focus mainly on establishing reporting capabilities by developing the data warehouse and reports?

Bidder must align response to Scope of work as detailed in the bid document.

3. Is the service provider expected to make changes, and add features to the existing web-based MIS system?

No.

4. Also, we're having difficulty understanding what's already in place, and what needs to still be developed, e.g. Does the Skills Module already exist within the bespoke system; meaning that only MIS capabilities need to be developed? Or does the entire module need to be developed.

Bidder must align response to Scope of work as detailed in the bid document.
