Dear INSETA Stakeholder

RE: COMMITMENT TO HOST LEARNERS

The reduction of INSETA’s levy income due to the negative impact of COVID 19 has resulted in INSETA has adopted an alternative revenue strategy to fund its programmes and to supplement the levy income which is received from the sector. This is aimed at mitigating the risks and challenged of an insufficiently funded mandate due to the global pandemic. Furthermore, INSETA has aligned its strategic plan to the Economic Reconstruction and Recovery Plan (ERRP) and the Presidential Youth Stimulus Package in response to the high unemployment rate especially amongst the Youth. The sector is extremely critical in partnering with INSETA in the advancement of skills and employability programmes.

To this end, INSETA submitted funding proposals to the Unemployment Insurance Fund (UIF), and the feedback received from the protentional funder was that INSETA needed to source commitment letters to participate in the programme from both an a hosting and absorption perspectives. The prospective funder requires INSETA to confirm is that there would be stakeholders in the Insurance Sector, both large, medium and small companies, who will be willing to host learners once the funding is made available and that there will be prospects of placement being explored where opportunities exist.

It is for this reason that INSETA requests that our stakeholders indicate in this document, their intention to host learners on work-based learning programmes by ticking a box(es) next to the relevant programme(s) as indicated in the table below:
